### Question 2

Yes

No

Unsure

If you answered "Yes", please explain what those conditions are and why they should apply.

### **Question 5**

**Do you have any comments on whether extending FOISA to organisations providing services on behalf of the public sector is likely to impact on those organisations' ability to provide services in this way?**

It would be helpful if you could provide any examples where you are aware that the impact of FOISA has been a factor for organisations in deciding whether or not to contract with a Scottish public authority.

### **Question 6**

**Do you have any comments or evidence about the effectiveness of accessing information about a contract to provide services to the public sector by making requests to the Scottish public authority that has contracted out the service?**

Examples of situations where you have successfully accessed information in this way or where you have experienced barriers to accessing information in this way would be helpful.

Examples of authorities' and contractors' experiences of including provisions about the disclosure of information by contractors would also be helpful.

### **Question 7**

**Do you have any comments on the types of person, body or organisation – or on the functions of a public nature – which should be considered as future candidates when further extending the coverage of FOISA?**

It would be helpful if you could set out the key factors that you consider favour the extension of coverage in the way that you propose.
